

PRESENTATION TO SAM CLEMENTS HEAD OF MARIE CURIE QUALITY AND CLINICAL PRACTICE (WALES)

Due to Covid, the presentation to our Silver Jubilee Funded Award winner Sam Clements was made virtually. This week IPM Dr Kathy Seddon visited the Marie Curie Hospice in Penarth to present Sam with his certificate in person

The WLCow provided three years of funding towards Sam's Masters research. Sam received a distinction for his investigation into "Implementing Non-Medical Prescribing in semi-rural Welsh communities". Sam was promoted to the role of Head of Marie Curie Quality and Clinical Practice (Wales) on receiving his MSc Degree.
