

## **THE JUNIOR CONSERVATOIRE AWARD WINNER**

The Junior Conservatoire Award has, this year, been awarded to Millie Andrews from Bridgend.

Millie is in her first year studying music composition at the Royal Welsh College of Music and Drama (RWCMD) and hopes her career will develop as a composer of music for films and TV. This Award will assist Millie buy equipment related to her studies at RWCMD not available elsewhere and to help towards her professional development. The main item would be a software programme of recorded orchestral instruments. The programme will enable her to use (on her computer) the high quality recorded instrumental sounds to help develop and record her compositions as

opposed to the very expensive alternative of hiring orchestral players for rehearsal/recording sessions.

She has already composed the music for the forthcoming 25<sup>th</sup> Anniversary event of the Junior Conservatoire at RWCMD Junior Conservatoire. She has also, with a fellow musician, composed the music for the Cardiff Light Festival which was broadcast in public areas around Cardiff this Christmas which members of the Awards Committee were able to enjoy at their last meeting.
