Coleg Meirion-Dwyfor student Ned Pugh has won The Worshipful Livery Company of Wales (WLCOW) Financial Numeracy Improvement Award for developing his financial skills.

Ned, 21, from Llwyngwril is in the second year of the BTEC Level 3 Enhanced Engineering course, studying at the Pwllheli and Dolgellau campuses.

He won the award after significantly improving his numeracy and maths skills while at college, using his number-crunching prowess to support his own enterprise cleaning and detailing cars.
